WCS DEVELOPMENTAL WARRANTY AUDIT Valued at \$19,800 USD

PROGRAM OVERVIEW

The purpose of this Developmental Warranty Audit is to assess the effectiveness of the dealership's current warranty methods identify any areas of improvement and provide recommendations for enhancing quality and stakeholder satisfaction.

Provide an opportunity to develop the claim handling processes and procedures at the dealership. Additionally, this secures efficiency and compliance with the OEM in relation to warranty.

REVIEW PROCEDURE

Together with the dealer, WCS can perform a Warranty Review at any time. The dealer's Warranty Process and all claims submitted to the OEM for credit are subject to review.

REVIEW SCOPE

The scope of this audit includes reviewing warranty data, documentation processing, analyzing feedback, inspecting failed components, and creating dialogue with the stakeholders.

The whole warranty process is subject to be reviewed. The objective of this is to ensure that all dealers are reviewed and educated withing the same limits, and to enable WCS reviewer to judge all dealers in the same way.
